Lack of care in preparing a Proposal shall not be grounds for withdrawing the Proposal after the due date and time nor shall it give rise to any Contract claim.

B. Solicitation Contact Person. Any inquiry related to a Solicitation, including any requests for or inquiries regarding standards referenced in the Solicitation should be directed solely to the Solicitation contact person. The Offeror shall not contact or direct inquiries concerning this Solicitation to any other employee unless the Solicitation specifically identifies a person other than the Solicitation contact person as a contact.

C. Submission of Inquiries. The Procurement Officer or the person identified in the Solicitation as the contact for inquiries may require that an inquiry be submitted in writing. Any inquiry related to a Solicitation shall refer to the appropriate Solicitation number, page, and paragraph. Do not place the Solicitation number on the outside of the envelope containing the inquiry since it may then be identified as a Proposal and not be opened until after the Proposal due date and time.

D. Timeliness. Any inquiry shall be submitted as soon as possible and at least seven (7) working days before the Proposal due date and time. Failure to do so may result in the inquiry not being answered.

Modifications shall not be permitted after Proposals have been opened except as otherwise provided under applicable law.

C. Evidence of Intent to be Bound. Failure to submit verifiable evidence of intent to be bound, such as an original signature, shall result in rejection of the Proposal.
Uniform Instructions to Offerors

D. Exceptions to Terms and Conditions. All exceptions included with the Proposal shall be submitted in a clearly identified separate section of the Proposal in which the Offeror clearly identifies the specific paragraphs of the Solicitation where the exceptions occur. Any exceptions not included in such a section shall be without force and effect in any resulting Contract unless the Procurement Officer in a written statement specifically references such exception. The Offeror’s preprinted or standard terms will not be considered as a part of any resulting Contract. All exceptions that are contained in the Offer may negatively affect the proposal evaluation criteria as stated in the Solicitation or result in rejection of the offer.

E. Subcontracts. Offeror shall clearly list any proposed subcontractors and the subcontractor’s proposed responsibilities in the Proposal.

F. Cost of Offer Preparation. The District will not reimburse any Offeror the cost of responding to a Solicitation.

G. Solicitation Amendments/Addenda. Unless otherwise stated in the Solicitation, the person signing the Proposal shall acknowledge each Solicitation Amendment or Addendum. E. Removal from Vendor List. Any Offeror not responding to two (2) consecutive Requests for Proposals for similar procurements may be removed from the vendors list for those items or services. If a vendor wishes
to remain on the vendors list, a no bid response or a request to remain on the list is all that is needed.

5. Additional Proposal Information

A. **Unit Price Prevails.** Where applicable, in the case of discrepancy between the unit price or rate and the extension of that unit price or rate, the unit price or rate shall govern.

B. **Taxes.** All applicable taxes in the Proposal will be considered by the School District/Public Entity when evaluating proposals; except when a responsive Offeror which is otherwise reasonably susceptible for award is located outside of Arizona and is not subject to a transaction privilege or use tax of a political subdivision of this state. Background

The Vail Unified School District No. 20 (VUSD) is a growing school District that serves more than 12,975 students enrolled in preschool through twelfth grade. The District, formed in 1903, is located in the southeastern corner of Pima County and includes within its boundaries a portion of the City of Tucson. The provision of this contract would be to primarily fulfill the transportation needs for the students coming from Davis Monthan Air Force Base (DMAFB) in which pupil transportation will be provided to and from the school of origin.

Beginning July 1, 2019 VUSD is estimating to have sixty-five (65) students from DMAFB participating in the District student transportation program. The District is seeking contracted yellow school bus services for the transportation of these students to and from school. The buses would service five (5) to eight (8) routes per day. Two (2) morning routes, three (3) afternoon routes, and three (3) afternoon activity routes; activity routes may vary on half days.

Morning drop off and after school pick up would take place at various school locations throughout the VUSD; see Exhibit A for school site locations, beginning, and end times. Morning pick up and after school drop off would take place at the School Age Program located inside DMAFB at the address of: 5901 Quijota Blvd Bldg. 6006 Tucson, AZ 85708. In order to be considered for award, the responding vendor shall have the authorization required to access DMAFB. It is also a requirement that the authorization to access DMAFB remain in place for the duration of this contract.

Quantities and mileage provided in this summary are intended to give vendors information regarding the scope of work and volume for VUSD. Responding vendors should not construe this information as an expressed guarantee of continued quantities and volume since the students participating are subject to change due to the nature of services needed at any given time.

Scope of Work

All routes are to start and end at the VUSD transportation bus yard located at 13192 E Mary Ann Cleveland Way, Vail, AZ 85641. Drivers will be required to pick up and drop off a mileage tracking log book at the beginning and end of each route. When checking in and out the log book for each route, the drivers shall be required to make face to face contact with a Transportation Dispatcher. At this time the Dispatcher shall have the right to visually assess the driver for any impairment that may prohibit the safe transportation of students.

As all routes are required to begin and end at the VUSD bus yard. Driver’s should arrive no later than thirty (30) minutes prior to the route departure time in order to perform any necessary or required bus inspections, and to check out the mileage tracking log for the route. VUSD will offer the option for the vendor to store their buses in a dedicated secure parking area within the VUSD bus yard. If the vendor opts not to store buses in the VUSD bus yard, any associated costs regarding mileage to and from the vendor bus yard to the VUSD bus yard must be accounted for in the cost proposal form.

This solicitation is intended for the transportation of students to and from DMAFB as described in the solicitation background. Additional routes and extra-curricular charter options outside the awarded scope of work may be added during the term of this contract if agreed upon between the vendor and VUSD. Pricing and terms for these additional services, should be outlined on the Cost Proposal Form.

Special Education services may also be added to this solicitation at any time if agreed upon between the vendor and the District. If these services are requested they would require additional terms and agreements to ensure all laws and District requirements pertaining to the transportation of Special Education students are followed.
Special Education transportation services may require an addendum to the original contract upon agreement of these services. Pricing and terms for these additional services, should be outlined on the Cost Proposal Form.

All driver’s and school buses must follow Arizona Administrative Code (AAC) Title 13, School Bus Minimum Standards; R13-13-101 through R13-13-202. AAC Title 13 has been attached as Exhibit B.

**Cost Proposal**

Cost should be based on the scope of work requirements listed in the RFP. The District reserves the right to add and/or delete services/goods to this Contract. Should a service or good requirement be deleted, payment to the Contractor will be reduced proportionally. Should additional services or goods be required from this Contract, prices for such additions will be negotiated between the Contractor and the District.

The following pages 29 – 32 outline the routes that will be considered under this scope of work. Routes and maps are provided in Exhibits C1 – C11, and are the shortest distances between each location. The mileage provided is for example use when calculating the costs for this solicitation.
