

WELCOME

We are excited to announce our 2018 summer camps! Each class was designed to give your family a unique experience over the summer break. You can take the stage in a dramatic performance, learn how to shoot a bow and arrow, become an engineer, and explore your interests in a whole new way!

Summer Enrichment Camps

We're ready for
Summer Break!
Are you?

Vailkids.org

Archery 101

Instructor: Lydia Crain

Dates: June 11th - 15th

Times: 8:30 am - 10:30 am

Ages: Entering 6th - 8th grade

Location: Rincon Vista Middle School

Cost: \$80

Class Description: Modern day Robin Hoods unite! Become an archer! This class will teach range safety, fundamental archery skills, and basic bow and tackle care. Campers will train daily in strength, stability, and endurance. There will be bow shooting daily, both indoors and out.

Art on the Go!

Instructor: Carla Dominice-Newton

Dates: June 11th - 15th

Times: 8:00 am - 2:00 pm

Ages: Entering 4th - 8th grade

Location: Rincon Vista Middle School

Cost: \$150

Class Description: Experience art across Arizona! This popular camp will offer field trips to working art studios, galleries, museums, and public gardens.

(Please bring a lunch and a snack)

Field trips will be taken at an additional cost

Babysitting Camp

Instructor: Trish Romero, Karma Lewis, & Desiree Powell

Dates: June 5th & 6th OR June 19th & 20th

Times: 8:30 am - 3:00 pm

Ages: 11 years and up

Location: Vail School District Education Center

Cost: \$130

Class Description: This fun, 2-day class incorporates CPR & First Aid, with standard Babysitter Training.

****Must attend both days to receive the certification****

(Please bring a lunch and a snack)

Chinese Cooking

Instructor: Ming Chen

Dates: June 25th - 29th

Times: 8:00 am - 12:00 pm

Ages: Entering 7th grade and up

Location: Andrada Polytechnic High School

Cost: \$120

Class Description: Let's learn to cook Chinese food from a master. Introduce your child to Chinese cooking in a fun and hands-on environment. Campers will make a variety of meals each day, from Chinese breakfast to dessert. Camp culminates with a delicious lunch hosted by our chefs. Students will leave camp ready to prepare a full Chinese meal for their family!

Claymania

Instructor: Carla Dominice-Newton

Dates: June 4th - 8th

Times: 8:00 am - 2:00 pm

Ages: Entering 4th - 8th grade

Location: Rincon Vista Middle School

Cost: \$110

Class Description: A week filled with beautiful creations including wind chimes, vases, bowls and signage. We will be working with clay that needs to be fired at the beginning of the week, and clay that is air-dried towards the end of the week. Campers will experiment with what happens when we add stained glass to our clay piece before firing.

(Please bring a lunch and a snack)

Curtain's Up Theater Camp presents Gulliver's Travels!!

Instructor: Missoula Children's Theater, Molly Gerbi, Tina Murray

Dates: June 18th - 23rd, required Saturday performance

Times: 9:00 am - 3:30 pm

Ages: Entering 1st - 12th grade

Location: Empire High School

Cost: \$180

Class Description: This camp is your ticket to a full stage experience! Go through the process of auditions, casting, and rehearsals. The camp culminates when the curtain rises on a live musical theatre performance in a public showing of Gulliver's Travels, at the Vail Theatre of the Arts! Your child will have the opportunity to work directly with professional actors from the Missoula Children's Theatre as well as award winning Vail staff in theatre, music and acting. This is truly a well-rounded experience that will be talked about for years to come!

(Please bring a lunch and a snack)

Plants to Plastic: A Week of Chemistry Creations

Instructor: Rachel Tankersley

Dates: June 18th - 22nd

Times: 8:00 am - 12:00 pm

Ages: Entering 6th - 8th grade

Location: Desert Sky Middle School

Cost: \$100

Class Description: This class will enrich students' experiences with **Science Technology Engineering Math**. We will have guest speakers and local STEM professionals joining us to assist in our learning. During this week, kids will use their chemical engineering skills to explore problems created by traditional plastic materials. Kids will engineer bioplastics (plastics made from plant-based materials) as a potential solution to the world's current plastic problems.

Able to pair with

Sal's Afternoon

Sport Camp

Storybook STEAM Camp

Instructor: Hannah Pancost

Dates: June 4th - 7th

Times: 8:00 am - 2:00 pm

Ages: Entering 2nd grade - 5th grade

Location: Senita Valley Elementary School

Cost: \$100

Class Description: "Have you ever wondered how the Three Little Pigs built the house that the wolf couldn't blow down?" At Storybook STEAM Camp, students will explore favorite picture books through engineering and art. Each day students will be introduced to a new book and be challenged to create something to help a character solve a problem within the book. Students will use their creativity and problem solving skills to engineer and construct, looking at favorite storybook tales in a new and stimulating way. In addition, students will create artwork to accompany the theme of each book.

(Please bring a lunch and a snack)

Sal's Sports Camp

Instructor: Sal Rodriguez

Dates: Weeks of June 4th, June 11th, June 18th, June 25th, July 2nd (partial week)

Times: Full day - 8:00 am - 5:00 pm

Half day - 8:00 am - 12:00 pm OR 1:00 pm - 5:00 pm

Ages: Entering 4th - 8th grade

Location: Desert Sky Middle School

Cost: \$110 full day or \$55 half day

Class Description: Keep your kids active over break! Children will participate in their favorite sports games such as dodgeball, capture the flag, kickball, volleyball, basketball, and soccer.

(Please bring a lunch and a snack)

Field trips will be taken at an additional cost

Camp Invention

Instructor: Eva Peters and the VAHS Boxer Bots

Dates: June 4th - 8th

Time: 8:30am - 3:00 pm

Grades: K - 6th grade

Cost: \$240

Location: Vail Academy & High School

Description: Camp Invention is a program where students are presented with fun, hands-on activities that encourage creative problem solving, teamwork, entrepreneurship, and curiosity. Program activities are led by experienced, local educators, and by the world-changing inventors that have been inducted into the Hall of Fame. This year's challenge is to create a self-driving car, design a futuristic dream home, and build and personalize a robotic dog, and compare the inner mechanics to the biology of living animals.
